### Texas Monthly, 1986

In 1986, then second-term Congressman Ron Coleman of El Paso was also working with Federal and State officials to conserve Castner Range to be part of the Franklin Mountains State Park and/or a greater federal Wilderness area that stretched into New Mexico. As was mentioned in the February 1986 *Texas Monthly* "Franklin Mountains Majesty" article, the Franklin Mountains Wilderness Coalition "is trying to acquire the adjacent Castner Range from the Army. It's also trying to interest the Federal Bureau of Land Management in the linking the park with federally owned land ... so [it does] not become an ecologically isolated island."

**University of Texas El Paso Environmental Advocates** Students, staff and faculty Take A Stand to conserve Castner Range National Monument. They signed the support letter for #Castner4Ever #monumentsforall.

**El Paso, Texas Neighborhood Summit**, people take a stand for Castner Range National Monument.

**Members of Vietnam Veterans of America Chapter 574**, expressed their support for the conservation of Castner Range. At their September meeting, members enthusiastically signed the Castner support letter!
